

Collection	Finish	Product
Infinity	Polished Brass	Euromod Plates

Infinity Collection - Euromod Plates

Description

The Infinity Collection offers a screwless plate, designed for use with our grid mounting interchangeable switches, sockets and modular interiors.

The Infinity Collection of plates use a clip-in style, attaching securely to the rear mounted grid. Earthing of the front plate is by means of a scraping earth fitted to the adjustable grid.

Features

- Screwless plate design
- All finishes created on high quality brass, aluminium or stainless steel materials

Finishes

All finishes are manufactured using 1mm thick brass, aluminium or stainless steel plate that is individually inspected by the Wandsworth Group, a sign of the high standard we have set for The Infinity Collection.

A large range of standard finishes are available please see catalogue for details.

Use a 'soft dry cloth' when cleaning front plates.

Ordering

All Infinity plates require a fixing grid. Grid is included in the part number. See right-hand view for part numbers.

Order Euro Modules separately.

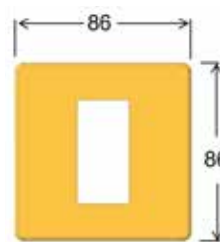

When ordering please state the catalogue number and the plate finish required.

E.g. 4 Euromod plate—3EU4/DAB where /DAB = Dark Antique Bronze finish

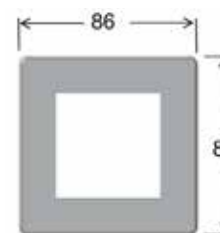

Please see Wandsworth catalogue for more information.
