| Victorian  | Polished Brass | 1-4 Gang Dimmers |

## Victorian Collection 1-4 Gang Dimmers

Specified in Polished Brass

### Description

Rotary dimmers, suitable for use with both LED and incandescent lighting. Push on/push off switch with rotary control dimming. They have two-way switching that may be used with a normal two-way switch elsewhere. Please note the additional two-way switch will have on/off function only and will not dim from the second location.

### Standards, Approvals & Directives

Comply with:  
BS-EN 60669-2-1  
EN-55015  
CE Marked

### Features

- Push On/Push Off, rotary dimming control
- All products clearly printed with BS No's, ratings, etc
- Complementary control knobs are supplied with the cover plates
- Available in all Heritage Collection finishes
- 1 - 4 Gang available

### Finishes

All finishes are individually inspected by the Wandsworth Group, a sign of the high standard we have set for the Heritage Collection.

### Ordering

When ordering please state in tabular form your requirements for plates/finishes, interior modules and boxes. Note: Separate grids are not required.

**E.g. P2335/ASI , 3 x RAD , 1703/G**

Where /ASI = plate/knob finish in Antique silver

Larger/multi-gang dimmers are available to special order and quotation. See sheet 2 for catalogue numbers.

### Modules order separately:

| Unit   | Description                                                                    | Rating       |
|--------|--------------------------------------------------------------------------------|--------------|
| RTD120 | Dimmer (LED) Trailing edge                                                     | 120 watt max |
| RLD300 | Dimmer (Incandescent) Leading edge                                             | 300 watt max |
| RAD    | Dimmer 1-10V                                                                   |              |
| ROO    | On/off module Switch only—not a dimmer<br>Matches dimmer modules in appearance |              |
