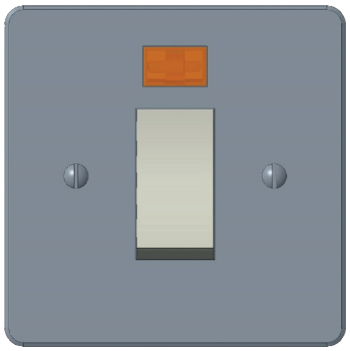
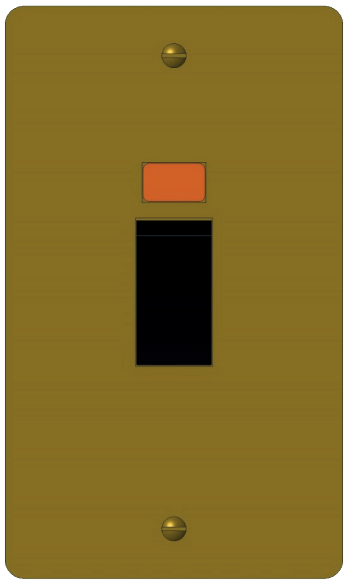
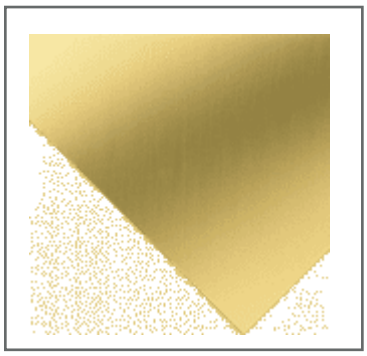
Classic Collection Classic 45 Amp Double Pole Switch







Specified in Polished Brass

Description

A range of 45amp Double Pole switches have been designed for the connection for domestic cookers and power showers.

All units have been designed with ease of installation in mind and have the advantageous design features and quality of The Classic Collection, complete with amber neon indicators.

Standards, Approvals & Directives

BS EN 60669

Features

- The double pole switch has 3mm contact gaps for isolation.
- All terminal and fixing screws are operated by one size screwdriver.
- White or Black rockers
- All neon indicators are integrally wired into the product and do not require separate connection when installing.
