ELECTRICAL

INSPIRATION

All of our plates are made to order and to customer specification. Choose different switch and plate finishes and whichever lighting functions you desire.

Design your bespoke creation. Select your switch style, your plate style and your finish choice.

Every item will be handcrafted to your unique specification.

HERITAGE

We are proud British manufacturers and all of our products are made here in the UK. This range has been perfected as our business has grown over the last century.

We have combined traditional design with modern capabilities for the ultimate lighting accessories.

Established in 1904 by Edward Davies, Arthur Reynolds and Francis Ritchie, the Wandsworth name has long been synonymous with exceptional design and matchless technological innovation. Based in Sheerwater, Surrey, we proudly craft our exceptional products right here in the UK.
