

The Crystal Collection

Overview

With individual interior design in mind, we have combined subtle elegance, ingenuity and quality craftsmanship to create The Crystal Collection

Wall finishes are clearly visible through the transparent plates, yet protected by the durable, scratch-resistant acrylic.

The design features an adjustable fixing grid, mounted within the back box, so the switches can be wired and connected without the cover plate. Once the decorating is complete, cover plates can then be fitted.

Features

- Flush fitting low profile plates
- Screw fixing plate attachment
- Single and Twin Plates available
- Hard wearing
- Scratch-resistant
- Transparent Acrylic plates

Finishes

The Crystal Collection is available in the following hand polished and hand crafted finishes:

Polished Brass - /PB
Antique Bronze - /AB
Bright Nickel - /BN1
Satin Nickel - /SN3

All finishes are individually inspected by the Wandsworth Group, a sign of the high standard we have set for The Crystal Collection.

Recommendations

The plate sizes used throughout The Crystal Collection are as follows:

Single - 86mm x 86mm
Twin - 146mm x 86mm

Ordering

When ordering please state in tabular form your requirements for finish, interior assemblies and boxes.

E.g. 2250/CL/BN = 2 Gang Dimmer Plate assembly, knob and dimmer, Bright Nickel Dimmer knob

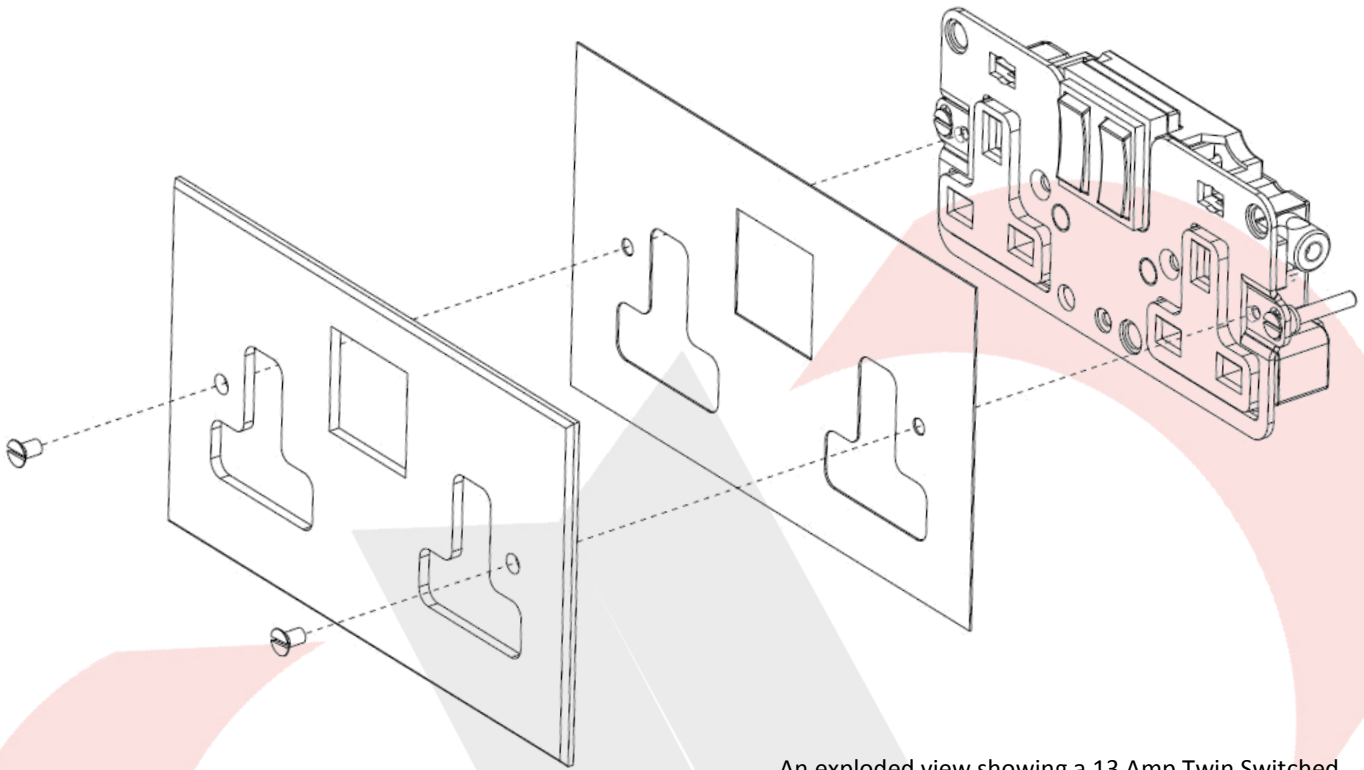

1702 = box, flush (metal)

Please see Wandsworth Group catalogue for more information.
