GROUP

TV IEC Female Grid Outlet

Description

The TV IEC Female grid outlet incorporates an aerial socket for European TV sets and FM/DAB radio receivers.

The module has been designed to connect a receiver to a terrestrial VHF/UHF roof antenna, antenna amplifier or a CATV network via a coaxial cable.

Features

- Single IEC female socket for a TV connection with DC pass and insertion loss of 2-3dB.
- High quality and fully screened.
- Designed to allow bespoke outlet arrangement without the need for a specially designed custom unit.
- Type: TV Module

Installation

Please note that this unit must be installed by a competent person, in accordance with the current IEE Wiring Regulations, (BS7671), and with due regard to these instructions.

Trim back the cable as in the picture shown above. Arrange the braiding along the top and bottom of the cable to maximise contact with the screening can. Insert the centre core through the screw post and tighten, not too much that you screw straight through the wire. Shut the screening door and tighten the two screws, try not to over tighten and crush the cable excessively.

Technical Specification	
Insertion Loss 68MHz (link):	<0.5dB
Insertion Loss 6M7.5-230Hz (radio):	<0.5dB
Insertion Loss 450-862MHz (UHF TV):	0.5 - 1dB
DC Pass:	Yes

Recommended Box Depth:

35 mm

Metal boxes to BS4662

Availability

All of our data, media and USB charger outlets can be used with all our collections of wiring accessory plates and can be specified to contain single or multiple outlets depending upon requirement.

Single or multiple outlets are supplied in either Black or White polycarbonate housings to complement the finish of the chosen plate.

Ordering

All modular interiors fit into our switch plates and grids, making them available across all of our ranges. However, when ordering in The Infinity Collection, the following grids must be used for installation.

G981/* - 1 Gang

G982/* - 2 Gang

G983/* - 3 Gang

G984/* - 4 Gang

When ordering please state the catalogue number of the required module.
