

# Euromod - BT Master Telephone Socket

wandsworth  
GROUP

## Standards, Approvals & Directives

Conforms to BS 6312 Part 2

2011/65/EC - RoHS Directive

## Description

The Telecom PSTN Master has been designed for domestic installations and acts as a the demarcation point between the customer and the service provider.

## Features

- Clip-In module for quick and easy installation.
- Black or white modules available
- Suitable for direct connection to the Public Service Telephone Network.
- Fitted with bell capacitor, resistor and voltage surge protection.

## Availability

All Euromod outlets are available for all our collections of wiring accessory plates and can be specified to contain single or multiple outlets depending upon requirement.

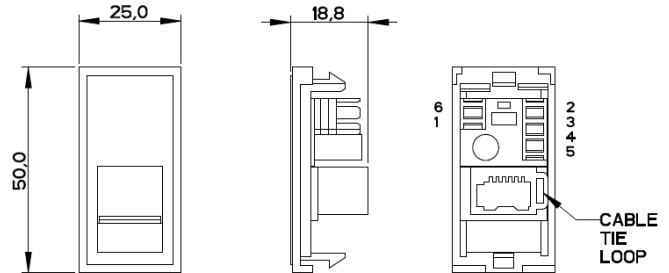

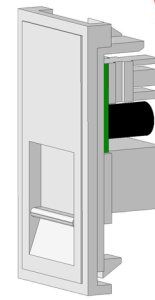

The Classic Collection takes advantage of plate mounting the clip-in Euromods, eliminating the use of a grid. Modules are supplied separately.

The Infinity Collection plates and grids are supplied together whereas the modules are supplied separately.

The Penthouse Collection supplies the Euromods, plates and grids individually.

## Finishes

The BT module is supplied in either Black or White polycarbonate, complementing the chosen plate finish.

## Installation

Carefully strip 25mm of the cable outer sheath to expose the inner conductors

Using a suitable IDC tool, punch each wire down as per wiring scheme. Check installation as colours may vary. Trim the wire ends

Secure cable to cable tie loop, with cable tie

Incoming Cabling	Pin	Internal Cabling to Secondary	Use
	1		No Connection
