Description

The USB charger has been designed for ease of installation, all having the superior quality and design features..

USB charger ideal for charging iPad, iPhone, tablets, mobiles, cameras and more.

Features

- Screw terminals
- Clip-In Module for quick and easy installation
- Black or white modules available
- 2 Type A USB sockets - 2.A total output, 5Vdc
- Internal overload protection

Availability

All Euromod outlets are available for all our collections of wiring accessory plates and can be specified to contain single or multiple outlets depending upon requirement.

The Classic Collection takes advantage of plate mounting the clip-in Euromods, eliminating the use of a grid. Modules are supplied separately.

The Infinity Collection plates and grids are supplied together whereas the modules are supplied separately.

The Penthouse Collection supplies the Euromods, plates and grids individually.

Finishes

The USB module is supplied in either Black or White polycarbonate, complementing the chosen plate finish.
