

Euromod - Twin USB Charger

Standards, Approvals & Directives

-

Features

- Clip-In module for quick and easy installation.
- Available in Black and White mouldings
- Suitable for direct ring main connection
- Short circuit and overload proof
- Low standby consumption
- Charges 2 mobile devices simultaneously

Availability

All Euromod outlets are available for all our collections of wiring accessory plates and can be specified to contain single or multiple outlets depending upon requirement.

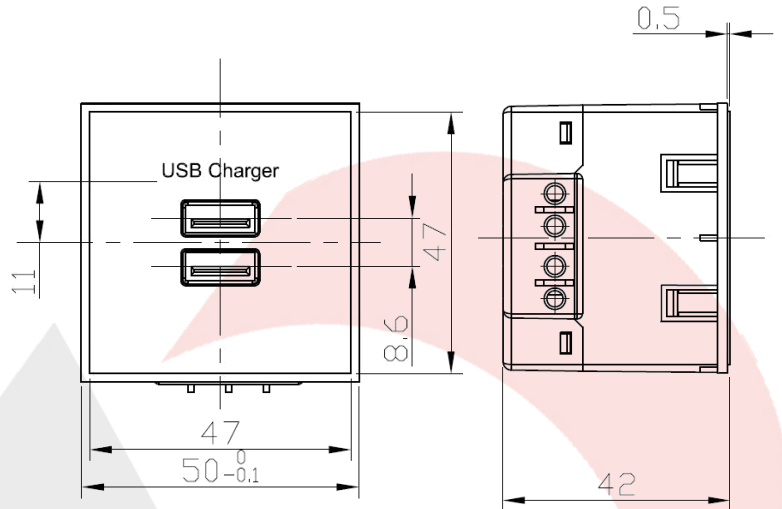

The Classic Collection takes advantage of plate mounting the clip-in Euromod, eliminating the use of a grid. Modules are supplied separately.

The Infinity Collection plates and grids are supplied together whereas the modules are supplied separately.

The Penthouse Collection supplies the Euromods, plates and grids individually.

Finishes

The Twin USB Charger module is supplied in either Black or White polycarbonate, complementing the chosen plate finish.

Technical Specification

Operating Temperature:	-5°C to +45°C
Conductor Cross Section:	Max 2.5mm ²
Connection Type:	Screw Terminals
Charging Output:	5V DC ± 5%, 1.8A Combined
