

# Classic Square Edge Collection - 45amp Double Pole Switch

## Standards and Approvals

BS EN 60669

## Description

A range of 45amp Double Pole switches have been designed for the connection for domestic cookers and power showers.

All units have been designed with ease of installation in mind and have the advantageous design features and quality of The Classic Square Edge Collection, complete with amber neon indicators.

## Features

- The double pole switch has 3mm contact gaps for isolation.
- All terminal and fixing screws are operated by one size screwdriver.
- White or Black rockers
- All neon indicators are integrally wired into the product and do not require separate connection when installing.

## Ordering

When ordering please state in tabular form your requirements for plates/finishes, interior assemblies and boxes.
