Infinity	TBC	Fan Isolator Unit

## Infinity Collection Fan Isolator Unit

## Description

The Fan Isolator Unit provides a safe and simple method of isolating mechanical fan units and is particularly useful in bathrooms, toilets, storerooms and basements where there is little or no natural light.

All units have been designed with ease of installation in mind and have the advantageous design features and quality of The Infinity Collection.

### Standards, Approvals & Directives

BS EN 60947-3

### Features

- Can be used as a double or triple pole isolator.
- Includes a clear ON/OFF indicator and the face plate includes a fan isolator symbol for easy circuit identification.
- Includes a lockable rocker allowing the unit to be locked in the OFF position.
- Metal rockers available to compliment plate finishes.
